

VOLLEYBALL BASIC RULES AND FIELD LOCATION

Mirzayev Karim Mamarasul son

Uzbekistan Finland pedagogy institute pedagogy and physical Faculty of Culture , Samarkand, Uzbekistan .

Abstract : To volleyball William Morgan Foundation put 1895 in America's Holyok in the city physical education teacher game for local gym equipped , then parquet on raised tennis net over the ball to throw need was Other sports like volleyball always changed stands Not only that of the game complete rules , maybe games format , site volume and teams number again seeing released

Introduction : Volleyball rules History : Volleyball for the first the rules that's it By William Morgan invention done Initially on the field players the number according to restriction no was , everyone participation to reach possible was A little time then a teacher games appear has been new the rules collection present (if the team scored 21 points If so , play victory wins). Victory points , if the team them service during collected if so , consider is taken and to the ball service in showing the first passing when sent (in tennis that it was as) re trying to see the right gives

Main partition : Volleyball games for modern of the regulation the first echoes in 1915 appear was Then international format each up to 15 points per set played We each one the team for on the field players the number set we got six sportsman Also teams own in half the ball while playing use possible which was « three touch » rule to power entered

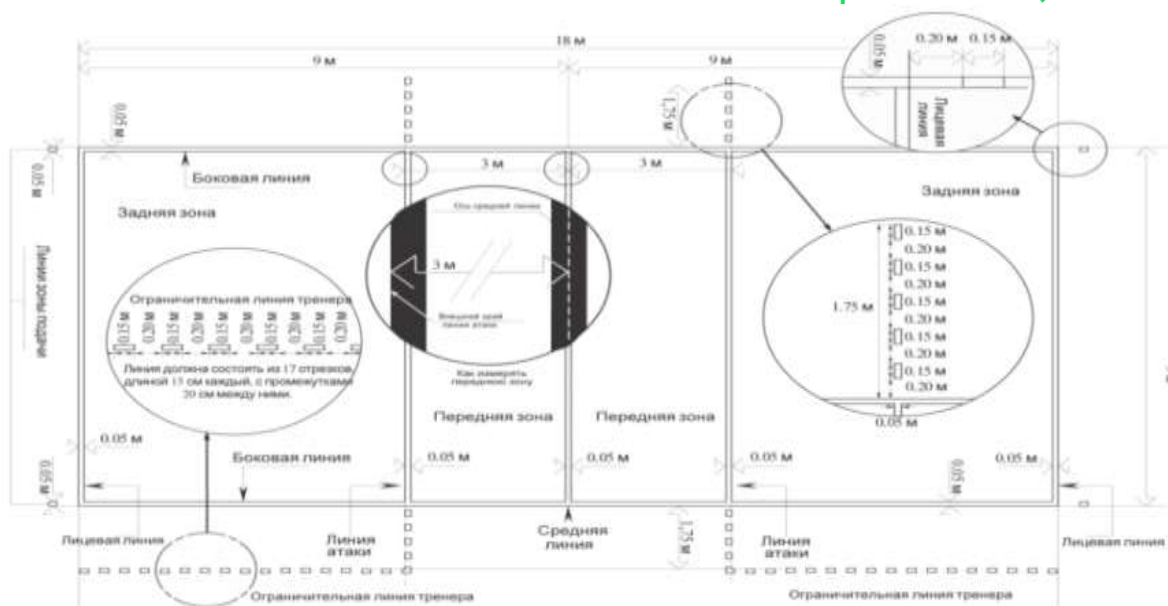

Briefly the rules as follows looks like :

- on the site two the team available (each one of 6 people);
- each one in the team each one in the game six replacement available (game for in the application - 14 people);
- from the game before , which towards service to do determines ;

- service pointer the team the ball rival to the side throws Game from teams one point win until you get it continue is enough ;
- Acceptance doer the team

at the rally victory when he wins , to him service to do the right passes and his on the field all players hour direction according to one in position movement they do

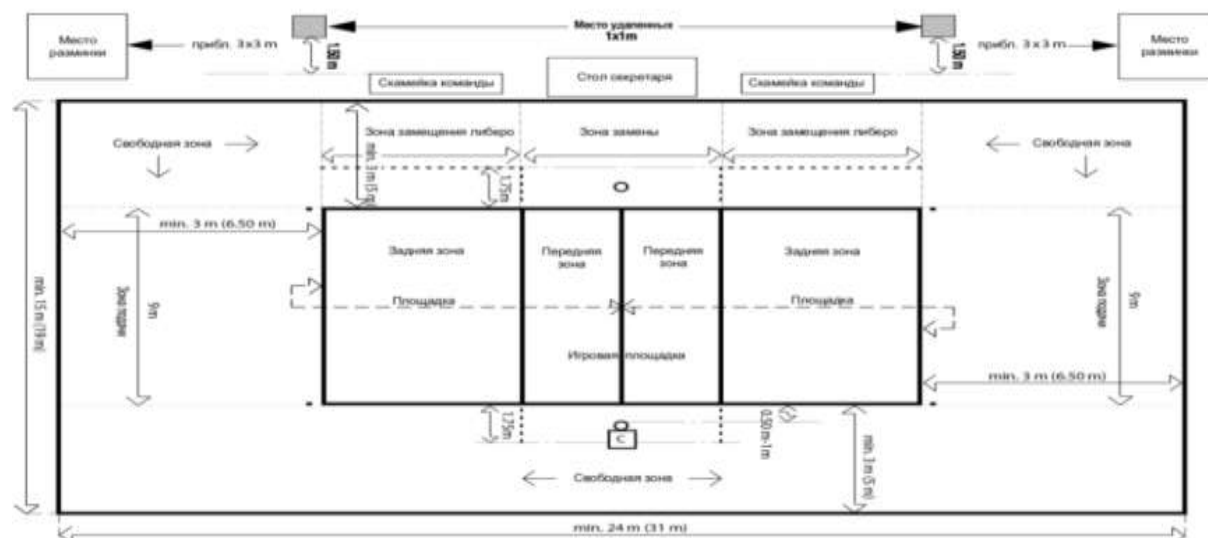

Volleyball area Discussion : Volleyball area one character hard from the material made to be need In it bends , depressions , cracks or of the teeth appear to be acceptance to be done possible it's not . Volleyball of the area official size 9 meters wide and 18 meters long organize does Volleyball team 9×9 meters in size square to the shape have has been own in half of the field from the middle medium line passes , his on top of it volleyball net is drawn . Women between in tournaments net height 2 meters 24 centimeters , men 2 meters 43 centimeters organize is enough Network hanging columns from side lines one meter in the distance located Theirs height 2 meters 55 centimeters . The antenna is 1.8 m long and 10 mm diameter , fiberglass or that's it similar of materials prepared flexible stick Restrictive of tapes external to the edge two antennas are attached and they are net opposite on the sides located Volleyball the minimum ceiling height of the area is seven meter . If international competitions about speaking if , then the minimum limit is 12.5 meter organize does Volleyball area surface wood , tennisite , plastic , sand and even from the soil preparation can **Volleyball platform signs**

Volleyball area designation lines for in order putable requirements there is :

- Draw a line color of the ground from the color difference to do need Choose for palette light
- Line 5 centimeters wide .
- Sponsored by FIVB competitions for all lines white in color to be need

Limited lines : Four line volleyball of the area borders defines - two front and two sides. They are game of the area to size included . Medium line net from underneath pass the field two equal to by half divides He is one from abroad to the other is used ; length - 9 meters . Front field limit Central line from the axis attack of the line back to the edge until has been distance three meter organize does Coach border Line : Coach's border the line is parallel to the side line and 1 meter 75 centimeters from it in the distance is located is a line . It is dotted lines with is drawn and attack from the line volleyball of the area last to the line continue is enough This line official international tournaments held volleyball in the field application need

Volleyball area the following to zones divided into :

1. The front zone is the middle of the line arrow and attack of the line back edge with limited . Volleyball in the field this field free of the zone until the end stretched out .
 2. Service show the zone is 9 m wide field is the last one of the line behind located Service zone entering two short line with limited . Free of the zone until the end continue is enough
 3. Change zone - scorer to the table stretches and two attack the line continue carry on with is limited .
 4. Libero substitution zone - community seats on the side is located and free of the zone one is part of His attack line and previous the line continue to continue limit
 5. Heat place of the site both in the corner located , however strictly respectively free from the zone outside He is the audience apparently interfere does not give way equipped . Heat of the area size 3×3 meters organize does It is under the auspices of the FIVB held the world in tournaments to be need
 6. From a distance manage remote control place – management in the zone located Two a chair with equipped to be need This of the zone size 1×1 meter organize does
- Play content and Goal :** Volleyball of the game main purpose the ball rival to the platform touch for permission done each how blow with net over is to hit . In the

game victory possible for team 25 points collect need If the score is 24:24 , the set is from the teams one two points to advantage until achieved continue is enough Volleyball International volleyball by the federation (FIVB). approved of the game official in the rules volleyball the ball spherical to be , the circumference is 65-67 centimeters to be and composite from the skin made to be sure shown . Players Ten year before positions and roles no was , therefore for player on the court everyone thing do it take need was Now situation completely has changed and volleyball roles very a lot , that is . of athletes on the field roles . Many of coaches according to the player the role is 16-17 years old manifestation will be Of these all of them physical and anthropometric to information depend

Summary : Initially on the field players the number according to restriction no was , everyone participation to reach possible was A little time then a teacher games appear has been new the rules collection present (if the team scored 21 points If so , play victory wins). In it bends , depressions , cracks or of the teeth appear to be acceptance to be done possible it's not . Volleyball of the area official size 9 meters wide and 18 meters long organize does Volleyball team 9×9 meters in size square to the shape have has been own in half
